ORGANISES

NATIONAL POSHAN WORKSHOP ON
MILLETS FOR NUTRITIONAL SUSTAINABILITY
Under the aegis of "International Year of Millets 2023"

NPWM~NS: 2023

22nd December 2023

VENUE:

Swami Shree Atulanandji Auditorium

Shree Jayendrapuri Arts & Science College Bharuch - 392001

About the Workshop:

To celebrate the International Year of Millets 2023. Our esteemed Institution is organizing NPWM~ NS:2023. National Poshan Workshop on ~ 'Millets Nutritional Sustainability"

Millets are small- grained, warm weather cereals belonging to the grass family. Jowar(Sorghum), Bajra(Pearl Millet) and Ragi (Finger Millets) are the important millets cultivated in Gujarat, India. Millets have higher nutrient content compared to major cereal crops and ensure food and nutrition security. With refined diet culture. We are looking at the nutrient rich Millets as a suitable alternative to Wheat and rice. With the CoVid-19, momentum picked up and hence. We, the Consumers Choose millets to improve our nutrition and further empowered us to sustain our immunity.

NPWM~NS: 2023~ The Workshop seeks to raise our awareness about millets which are high in nutrition and can help to improve the livelihoods and upgrade the Socio-economic status of small holder farmers in Gujarat, India.

About the Institute

Shree Jayendrapuri Arts & Science College is the oldest Grant-in-aid College in the Bharuch district lying in the Southern part of Gujarat. The Institution was established in 1955 by H. H Swami Atulanandji Maharaj. It's had a humble beginning with limited number of classrooms and only two courses offered in the Arts discipline in the older part of Bharuch city. It was by the efforts of Swamiji that a philanthropist donated a huge piece of land, and the Institution was shifted to its present venue in 1957. The Institution aims at providing affordable quality education to the students of Bharuch district. *(With the vision to achieve excellence in higher education, empowerment through knowledge, inclusive growth for socio-economic change, sustainable development and preparing students for facing global requirements.)* The Institution attempts to nurture the competence and creativity in its students through innovations in teaching-learning, research and extension activities. *(Including the adoption and promotion of knowledge output for human development, women's education, optimum use of human infrastructural facilities available, participation of all the stakeholders in the development of the Institution, creation of awareness of human rights, value system, culture, heritage, scientific temper and environment.)* With its magnificent ambience and modern high-tech facilities, the institution is steadily ambling towards the pinnacle of excellence. In keeping with the Vision and Mission of the institution, it is an undeniable fact that this institution has produced thousands of first-generation degree holders in this area.

About Bharuch

In ancient times, Bharuch , Known as Bhrugukutchh is located at on the Narmada river in Gujarat, Western India. It was a ship building centre and Sea port in the coastal trading routes. Being close to one of the biggest industrial areas including Ankleshwar and Dahej GIDC, it is at times referred to as the chemical capital of India. Gujarat Narmada Valley Fertilizers &Company GNFC is the most popular company of Bharuch. Because of the distinctive colour of its soil i.e. black soil land, Bharuch is ideal for "Millets" Cultivation. Bharuch is best Known as 'Peanut city' for its salty peanuts, locally Known as 'Kharising'.
